Nick & Buck

Thanks for sending that! I am sure you all are busy preparing for the storm. Our Disasters program has already activated and are inventorying what imagery and products will available and when. The number below is my office phone. I'll be in early tomorrow.

I check email regularly as well. Also here is my cell 660-596-5478 if you need to get ahold of me tonight.

Looking hopefully to help you guys all out!

Jordan
